Recommend flood coverage to every client!

Flooding is the most common disaster in the United States. Agents can reduce the risk of E&O exposure by being sure to offer flood coverage to all clients. If they refuse coverage ask them to sign a Declination Form. A copy of this form is available on the AccessFlood System under [Links](#) by clicking on **American Bankers Info** or **ARIC Info**. You may also use the Supply Order Form available on the [Help](#) screen or simply call the Flood Service Center for assistance.

FLOOD INSURANCE DECLINATION FORM I,

_____ acknowledge that I was informed of the availability of protection from loss due to flood for my building and its contents. I understand that this coverage is **NOT INCLUDED** in my Commercial or Dwelling policy and must be applied for separately. I have elected **NOT** to apply for a flood insurance policy covering my _____ building and/or _____ contents at this time. FEMA On-line Training (FREE):

To take the **free** FEMA online basic agent training, go to:

<http://training.nfipstat.com> and complete the registration form. Please note, the registration page may be confusing as it asks "Please list the top 3 Companies you represent" - this is where you are to put who you write your Flood Insurance through (American Bankers and/or American Reliable).

Also, you must successfully complete the mastery test at the end (you must receive a 70 or better to pass), the certificate does not state how many CE's will be provided. Please know that the States listed above are all approved for 3 CE Credits and consider those who successfully complete the mastery test fulfilling the minimum flood training requirements of section 207 of the flood insurance reform act of 2004. There is also an affidavit form that prints with the certificate - ONLY Alabama and Arkansas agents are required to complete this form.

FEMA will directly notify the State when you successfully complete the mastery test of the 3 CE Credits.
