National Flood Insurance Program (NFIP) May 1, 2008 Program Changes

PRP Policy - Additional Options:

1-4 Family Condominium Unit Owners: All individual residential condominium units in residential condominium buildings (high-rise and low-rise) are now eligible for the PRP (building and contents combination as well as contents only policy).

Other Residential Unit Owners: Other residential unit owners now have building/contents combination as well as contents only available.

Non-Residential Unit Owners: Non-residential now have a more diverse building contents combination available. Non-residential condominium unit owners are only eligible for the contents only PRP.

* To find out if you have policies currently written in the Standard B, C or X zone that may be eligible for the new PRP options, please go to AccessFlood, Reports, Agent, and choose PRP Eligible. The report will come in an Excel spreadsheet for you to sort as you wish. Please remember that these policies may not be eligible due to prior loss history under a different WYO company. If you currently do not have the option for the PRP Eligible report, please contact the Flood Service Center so we may add this to your report list.

PRP Policy – Additional Requirements:

Effective May 1, 2008, if there has been a map change during the policy term that may affect the insured property, proof of the property's continued eligibility for the PRP must be provided for the policy to be renewed.

All Preferred Risk Policy new business applications must include documentation of eligibility for the PRP. Such applications must be accompanied by one of the following:

- A Letter of Map Amendment (LOMA)
- A Letter of Map Revision (LOMR)
- A Letter of Determination Review (LODR)
- A copy of the most recent flood map marked to show the exact location and flood zone of the building
- A letter indicating the exact location and flood zone of the building, and signed and dated by a local community official
- An elevation certificate indicating the exact location and flood zone of the building, and signed and dated by a surveyor, engineer, architect, or local community official
- A flood zone determination certification that guarantees the accuracy of the information.

Premiums will increase an average of 8% for policies written or renewed on or after May 1, 2008. This premium increase varies by zone as described below.

V Zones (coastal high-velocity zones)

Larger rate increases are being implemented again this year as a result of the Heinz Center's Erosion Zone Study, which clearly indicates that current rates significantly underestimate the increasing hazard from steadily eroding coastlines.

- Post-FIRM V Zones: Premiums will increase 10%.
- Pre-FIRM V Zones: Premiums will increase 10%.

A Zones (non-velocity zones, which are primarily riverine zones)

There will be increases that will keep our Post-FIRM rates at actuarial levels and that will slightly decrease the amount of subsidy in our Pre-FIRM rates.

- Post-FIRM A1-A30 and AE Zones: Premiums will increase 6% as indicated by our actuarial rate model.
- Pre-FIRM AE Zones: Premiums will increase 9%.
- AO and AH Zones: Premiums will increase 10%.
- AOB and AHB Zones (shallow flooding zones): Premiums will increase 6%.
- Unnumbered A Zones (remote A Zones where elevations have not been determined): Premiums will increase 8%.
- A99 Zones (approved flood mitigation projects, e.g., levees still in the course of construction): Premiums will increase 10%.
- AR Zones: Premiums will increase 10%.

X Zones (zones outside the Special Flood Hazard Area)

- **Standard Risk Policy:** Premiums will increase 10%.
- **Preferred Risk Policy (PRP):** Premiums will increase 8%. More Non-Residential coverage options are available, and building coverage is extended to Other Residential buildings.

Miscellaneous Items

- **CRS Discount:** Eliminated for structures where lowest floor elevation used for rating is at least 1 foot or more below the Base Flood Elevation with the exception of Post-FIRM V-Zone buildings with unfinished enclosures of 300 square feet or more that have breakaway walls. Inclusion of these V-Zone buildings will be considered at a later date following completion of our analysis.
- **Federal Policy Fee:** Increased from \$30 to \$35.
- **Increased Cost of Compliance:** Premium will increase from \$1 to \$6 for PRP policyholders.
- **Mortgage Portfolio Protection Program (MPPP):** Premiums will increase about 15%.
- **Flood Insurance Application, PRP Application, and General**
- **Change Endorsement:** Eliminate the Social Security Number and indicate when coverage is a lender requirement without a waiting period.
- **Preferred Risk Policy:** Eligibility recertification required at renewal when there has been a map change during the policy term that may affect the insured property.
- **New Risk Rating Method:** Developed for FEMA Special Rates not provided in the Specific Rating Guidelines.

Waiting Period - Loan Closing for New Policy only:

Flood insurance, which is initially purchased in connection with the making, increasing, extending, or renewal of a loan, shall be effective at the time of loan closing, provided that the policy is applied for and the presentment of premium is made at or prior to the loan closing. The application and premium must be received within 30 days of the closing date; otherwise, a copy of the loan closing papers showing payment was received at or prior to the loan closing will be required. If no loan closing papers are available, the effective date will be the date American Bankers receives the application and premium payment.

Replacement Cost

The replacement cost is now included on the Declaration page. If the amount needs to be corrected please notify the Flood Service Center in writing.

Continuing Education Requirements

The following States are **taking various actions to establish training requirements for insurance agents who sell flood insurance**, as outline in Section 207 of the Flood Insurance Reform Act of 2004. Please click on the link:

http://www.fema.gov/business/nfip/state_actions.shtm to read exactly what your State is requiring for training:

*Alabama	*Alaska	*Arizona	*Arkansas
*California	*Colorado	*Connecticut	*Delaware
*District of Columbia	*Florida	**Georgia	*Hawaii
*Idaho	*Illinois	Indiana	*Iowa
*Kansas	*Kentucky	*Louisiana	*Maine
*Maryland	Massachusetts	Michigan	**Minnesota
*Mississippi	*Missouri	*Nebraska	*Nevada
*New Hampshire	*New Jersey	*New Mexico	*New York
*North Carolina	*North Dakota	*Ohio	*Oklahoma
*Oregon	*Pennsylvania	*Rhode Island	*South Carolina
*South Dakota	*Tennessee	*Texas	*Utah
Vermont	*Virginia	*Washington	*West Virginia
**Wisconsin	*Wyoming		

***FEMA On-line Training:** These States have agreed to award three (3) continuing education credits to agents who successfully complete the course. Please see below under Training Options for more information.

****States that have not implemented the requirement for Flood Training under the Section 207 of the Flood Insurance Reform Act; but will accept the FEMA On-line Training for three (3) continuing education credits.**

TRAINING OPTIONS:

American Bankers Insurance Company of Florida offers two different Flood Insurance Training Classes for our agents and producers:

The Fundamentals of Flood Insurance class is 4 hours (4 CE Credits) in most states.
Advanced Flood Insurance class that is 4 hours (4 CE Credits).

For more information on our CE Classes, please contact, Patty Latshaw @ 800-423-4403 x520 or by email: Patricia.Latshaw@Assurant.com.

To take the **free** FEMA online basic agent training, go to:

<http://training@nfipstat.com> and complete the registration form. Please note, the registration page may be confusing as it asks "Please list the top 3 Companies you represent" - this is where you are to put who you write your Flood Insurance through (American Bankers).

Also, you must successfully complete the mastery test at the end (you must receive a 70 or better to pass), the certificate does not state how many CE's will be provided. Please know that the States listed above are all approved for 3 CE Credits and consider those who successfully complete the mastery test fulfilling the minimum flood training requirements of section 207 of the flood insurance reform act of 2004. There is also an affidavit form that prints with the certificate - ONLY Alabama and Arkansas agents are required to complete this form.

FEMA will directly notify the State when you successfully complete the mastery test of the 3 CE Credits.
