

HIATUS PARTY! Rules

September 1, 2010 through September 30, 2010

AWARDS: **Grand Prize Award:** One Apple iPad

Marketing Consultant Territory Awards: Each marketing consultant will award one Apple iPod in his or her territory.

QUALIFICATIONS:

Each contestant must register for the Hiatus Party and must be employed by one of our participating contracted agencies for the entire contest period.

HOW TO REGISTER:

There are two ways you can register:

Go to www.abicflood.com and click on the Hiatus Party Banner

or

E-mail flood.marketing.support@assurant.com with the following information:

Name, Username/Agency ID, Agency Name, Agency City, Agency State, E-mail address, and Phone Number.

QUALIFYING APPLICATIONS:

A qualifying application is defined as any application received in our office or sent to us certified mail during the Hiatus Party, September 1, 2010 through September 30, 2010. (Note that all applications must be complete and submitted along with all required supplemental documentation including premium and must be issued in order to qualify for the drawings.)

HOW WINNERS WILL BE DETERMINED:

For every qualifying application produced during the Hiatus Party, you will gain one entry for Grand Prize drawing and one entry for your respective Marketing Consultant Territory Award. One winner will be drawn at random for each award.

HIATUS WORKSHEET:

Each participant will maintain his or her own hiatus worksheet with all pertinent detail in order to qualify for any award, worksheets must be presented no later than October 15, 2010.

E-mail completed worksheets to flood.marketing.support@assurant.com OR you may Fax completed worksheets to 714-712-3845.

HOW DO I GET MY HIATUS WORKSHEET:

Once you register, you will receive a link to the worksheet. If you need more sheets, please feel to duplicate your original sheet or you may print them from the contest page on www.abicflood.com.

AWARD NOTIFICATION:

All awards will be made within 30 days of October 15, 2010 and all winners will be recognized in our next edition of FloodFacts.
